Starting with 'WAKE UP BARNEY THE ADVENTURE BEAR' and an Easter singsong followed by Easter Egg/treat hunt and activities.

Preparation and Session details for parents:

- Instruments, pots, pans ready for singalong
- Playdough or clay
- Create a craft area - Paints/crayons/pencils, scissors, glue, paper plate, toilet roll tubes, egg box
- Have a clear starting base where the children return to after each clue they find. Make sure you have 5 chocolate eggs or treats hidden around the garden or house (these must be approx 2 mins search from the main base in order for us to all complete this hunt together) Make sure they are well hidden and help the children with saying they are hotter (as they get closer) or colder (if they are moving away).
- With each egg please make sure there is a picture of a bunny paw print (see art work attached to copy and the children can colour these in afterwards) - we will be collecting the letters for 'BUNNY' and learning how to write it as we go along.
- I will send Peter Rabbit pictures beforehand should you wish print them out. If you can't print out do not worry. I will show pictures of the characters throughout the adventure.
- Each egg and bunny we find there will be an activity.
